March 14-15, 2017

Kimbel Lodge, Hobcaw Barony
Georgetown, South Carolina

Wilderness First Aid is a two-day introduction to general medical concepts and basic life support skills. It is targeted to the outdoor enthusiast on day trips or short adventures.

The course is taught by professional instructors from Wilderness Medical Associates with significant patient care and backcountry experience. This course offers relevant and realistic first-aid training for seasonal outdoor activities or short term wilderness endeavors and pursuits.

Who Should Attend: Trip and tour group leaders for eco-tour or outdoor excursions, Field studies trip and course leaders. Seasonal outdoor staff and those involved in recreational wilderness trips. Individuals traveling outdoors alone, with family, and/or friends.

Registration deadline Feb 15. Feb 15 – March 1 add \$25 late registration fee. Refund Policy: full refund less any materials shipping until Feb 15, After Feb 15: 50% refund, no refunds for no shows.

This Workshop is hosted by the North Inlet-Winyah Bay National Estuarine Research Reserve and the University of South Carolina.

The course is taught by medical professionals from Wilderness Medical Associates International
