

Are YOU Prepared for Flooding?

Join us for **Flooding 411**, a FREE webinar series to learn from experts about flooding in our communities, how to protect your life and property, and what to do when you are impacted by flooding.

FLOODING 411 2021 WEDNESDAY WEBINAR SERIES

Can't make it?
Recorded sessions will be available for registered participants unable to attend live.

▶ **Water in Our Landscape: Constant Change**

July 14, 1:30 - 3:00pm

Learn about coastal hydrology, different types of flooding, and available tools to understand flood issues in your local area.

▶ **Reducing Flood Impacts to Your Property and Community**

July 28, 1:30 - 3:00pm

Learn to manage water on your property, develop a flood readiness strategy, and locate relevant resources.

▶ **Who's Who for Flood Management and Recovery**

July 21, 1:30 - 3:00pm

Learn about how to contact appropriate agencies for flood preparation and recovery assistance as well and the National Flood Insurance Program and FEMA flood maps.

▶ **Successful Community Flood Management**

August 4, 1:30 - 3:00pm

Learn about different flooding management strategies from all along the coast!
